# Big turnout for martial arts club grading

BUDO Ryu Kempo Martial Arts held its grading for green belts and below last month.

With more than 80 members registered to grade on the day and many more turning up just to

train and assist it was a giant day for the St Marys-based organisation. Along with family members and friends and spectators, the halls of the St Marys RSL Youth Club were overflowing. Members

as young as four through to adults were graded to their next belt.
